Module 6 Live Session

DATE	TIME
July 24, 2020	9:00 AM - 9:50 AM EDT (Blue group) 10:00 AM - 10:50 AM EDT (Orange group)

OVERVIEW

This live lesson will begin with a Q&A period in which you will have an opportunity to ask questions about the topics you explored in the online lesson of module 2. Then you will work in randomly assigned groups to discuss the guided question set. Students are expected to come to the live lesson on time and prepared to fully participate in the discussion. At the end of modules 4, 7, 9, and 11, each student will be graded on their participation in the small-group discussion of the guided question set. Your grade will be based on a self- and peer-evaluation of your contribution to the group discussions.

WHAT TO PREPARE

- Complete the module 6 online lesson.
- Download the [module 6 guided question set](#) and the data set: [cereal.txt](#)
- Prepare for the group discussion of the guided question set.

AGENDA

- 5 minutes: Welcome and check in
- 10-20 minutes: Q&A period
- 10-20 minutes: Small-group discussion of the guided question set
- 10-20 minutes: Large-group discussion of the guided question set

LIVE SESSION RECORDING

Recording will be available after live session.
